- Up to 26 ppm, A4 mono laser, < 8 seconds to first page
- 200 MHz processor, 32 MB of memory, 1200x1200 dpi
- New space-saving design
- Cost-efficient toner cartridges
- 550-sheet optional second drawer

# LEXMARK E330

# Big performance in a small package!

With the smallest footprint in its class, Lexmark's E330 laser is big everywhere you need it to be. With a 200 MHz processor and unsurpassed 32 MB of memory, it makes light work of even your most complex print jobs. You benefit from up to 26 pages per minute and a time to first page of less than 8 seconds, as well as high-quality output over a wide range of media—including cardstock, labels and transparencies. With the E330, big performance fits well in any workspace!

## For your needs today and tomorrow

Designed to meet your evolving needs, the E330 offers a wide range of flexible options. That includes expandable memory of up to 160 MB, and an additional paper drawer that holds 550 sheets—the highest-capacity optional drawer in its class! And if you decide to upgrade to a network, Lexmark gives you a large range of external network adaptors to choose from. A perfect fit for any growing business!

## Smarter ways to save

The E330 offers an incredible price-performance value and also numerous ways to economise—especially with consumables. Its high-yield toner cartridges allow up to 6,000 pages before they need changing. And with the cartridges' clean design, you can easily replace the toner without having to throw away the photoconductor.

## LASER TECHNOLOGY

| | |
|---|---|
| **Speed** | Up to 26 ppm A4 |
| **Time to First Print** | Less than 8 seconds |
| **Processor** | 200 MHz |
| **Standard Memory** | 32 MB |
| **Maximum Memory (optional)** | 160 MB |

## PRINTING

| | |
|---|---|
| **Print quality** | Up to 2400 IQ, 1200 x 1200 dpi |
| **Emulation Support** | PostScript 3, PCL6, Host Based Printing, PPDS Migration Tool |
| **Additional Font Support** | OCR-A, OCR-B, Bar Codes (3 or 9 narrow, regular, and wide) |

* estimated yield at approximately 5% coverage

## PRINT-MOVE-MANAGE services

Supported by Lexmark award winning technology, innovative business applications and strong strategic service offerings, Lexmark's highly skilled, specialised account team can assist your organisation to print smarter, move critical information faster and manage your output related costs more efficiently.
This value proposition, Print-Move-Manage, translates into a set of industry-specific solutions and expertise allowing you to improve, maintain and manage your document and printing infrastructure.

**PRINT:** A full range of advanced printing solutions based on industry leading technology and associated product services that provide leading edge functions at a very competitive cost. These include printers, multifunction devices as well as network and application-specific hardware and software solutions

**MOVE:** Consulting and implementation services designed to increase productivity while reducing the costs related to your paper-intensive processes through device consolidation, distributed document capture, distributed printing, electronic form integration and paper document workflow automation

**MANAGE:** A range of services offerings designed for today's business. Starting from the traditional leasing of equipment through per page based billing up to full contract management and outsourcing of your output device fleets. These offers are designed to deliver you the most cost effective solution for output and document management.
